IN THE MATTER OF: REQUEST FOR REVIEW BY CLIFTON
INDEPENDENT SCHOOL DISTRICT OF DECISION OF
UNIVERSAL SERVICE ADMINISTRATOR, FCC DOCKET
NOS. 97-21 AND 96-45.

Dear Sir or Madam:

We are requested a review of the USAC Administrator decision of an appeal. Clifton ISD is a rural public school district in Texas. The e-rate funding allows us to use the discount we get to put technology into the classroom for our students. The items which we are asking for review is for the following USAC application:

Billing Entity: Clifton Independent School District
Billing Entity #: 141096
Funding Year 2: 07/01/99 - 06/30/00
Form 471 Application Number: 120507
Funding Commitment Decision # 0000172718
Contract Person: Brenda Vrazel, Business Manager
1102 Key St.
Clifton, TX 76634
254-675-2827 ext. 1010
254-675-4351 Fax

No. of Copies rec'd 0
List **A B C D E**

When the application was made within the required time line cellular phones where allowed and posted as eligible services on web site (attachment #1). After the applications were filled and six (6) months into the funding year the eligible services for

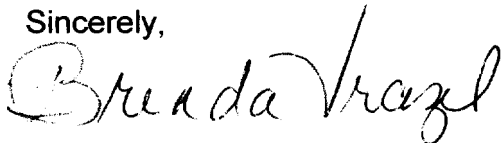

that funding year was changed. On Dec. 6, 1999 the eligible services were changed to say (not eligible for such uses as security on school buses), (attachment #2). The explanation for denial of funding on the vendor for cellular service was "services request is not in accordance with program rules." At the time the request was made for these services it was not listed as ineligible service. It has appeared that the *rules for eligible services* had changed for that funding year after applications were in and funding had started. It seems to be changing the rules in the middle of the game. It would make sense if the new rules were in effect for the next funding year (year 3).

With school safety and the safety of our school children being a concern with the government (including the President) you would feel that have phones on buses would qualify. Most altercation among school children start during or while on school buses.

However if the ruling stands that the changes in the middle of the funding for that year is that cellular phones on buses for safety is not eligible then only a portion of our request should be denied. The other cellular services on the application that *does qualify* under both eligible rules before and after changes should be funded. Before the denial we were requested to send copies of the invoices for the phones on the buses to the USAC. We were **not** requested to send copies of all invoices in regard to cellular services that were on application for funding. After responding to the request we were denied full funding on all cellular services on the application.

We request that we be fully funded due to the changes in eligible services being in the middle of funding year. If full funding is not an option, then we request that the portion of the cellular services that do qualify under eligible services be funded. Thank you for your time in addressing our concerns in this area. If we can be of further assistance please contact us.

Sincerely,

A handwritten signature in cursive script that reads "Brenda Vrazel".

Thank you for your 1999-2000 E-rate application and for any assistance you provided throughout our review. We have completed processing of your Form 471. This letter is to advise you of our decisions.

FUNDING COMMITMENT REPORT

From your Form 471, we reviewed row-by-row discount requests in Items 15 and 16. We assigned each row a Funding Request Number (FRN). On the pages following this letter, we have provided a Funding Commitment Report for each FRN in your application.

Attached to this letter you will find a guide that defines each line of the Funding Commitment Report and a complete list of FRNs from your application. The SLD is also sending this information to your service provider(s) so arrangements can be made to begin implementing your E-rate discount(s). We would encourage you to contact your service providers to let them know your plans regarding these services.

As you complete your Form 486, you should also contact your service provider to verify they have received notice from the SLD of your commitments. After the SLD processes your Form 486, we can begin processing invoices from your service provider(s) so they can be reimbursed for discounted services they have provided you. Dear Sir or Madam:

This letter is to ask for an appeal on the funding commitment decision # 0000172718, Service Provider: 360 Communications Company dba Alltel, SPIN # 143001069. As per the eligible requirements (attached copy in question) cellular service is allowed. We understand that phones may not be purchased and maintenance fees are not allowed; however what we have requested is for the actual phone services on such phones.

The explanation for the denial is that *service request is not in accordance with program rules*. After reading through the eligibility requirements, I could not see how the phone services requested for funding were not eligible. These phones are placed on buses for safety reasons when any bus leaves the school grounds. They are sent with teachers when field trips are taken. I have provided a copy of one of the bills as was requested early by Madhab Saikia. This bill shows the service we are requesting and items the district is paying for as well, (which are not on bill).

If you should need any further information in regard to this request for appeal please contact me by any of the following. I will be looking forward to hearing from you in regard to this matter. Thank you for your continued cooperation in this matter.

Sincerely,

Brenda Vrazel, Business Manager

Re: Billed Entity Number: 141096
 Application Number: 120507
 Funding Request Number(s): 172718
 Your Correspondence Dated: November 8, 1999

After thorough review and investigation of your appeal, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company has resolved your appeal seeking approval of additional discounts for the second program year. This letter addresses our decision concerning each Funding Request Number that was included in your letter of appeal for the Application Number cited above. If your letter of appeal addressed more than one Application Number, a separate letter will be issued to inform you of our decision on the appeal of each Application Number.

Funding Request Number: 172718
Decision on Appeal: Denied in full.

Denial Reason:

- The service is not being used in accordance with program rules. The primary purpose of the telecommunication services for which support is sought must be the delivery of services to the classrooms or other places of instruction at schools or libraries that meet the statutory definition of eligible instruction.

If you feel further examination of your application is in order, you may file an appeal with the Federal Communications Commission, Office of the Secretary, 445 12TH Street, SW, Room TW-A325, Washington, DC 20554. Before preparing and submitting your appeal, please be sure to review the FCC rules concerning the filing of an appeal of an Administrator's Decision, which are posted to the SLD Web Site at <www.sl.universalservice.org>. You must file your appeal

with the FCC no later than 30 days from the date of the issuance of this letter, in order for your appeal to be timely filed.

You should now move ahead, if you haven't already done so, with your Form 486 and related post-commitment arrangements for services for which funds have been committed and services have begun to flow. We thank you for your continued support, patience, and cooperation during the appeal process.
